Life's Vision Winnipeg's Walk For Life - Hope & Love

On Saturday, September 17, 2016, the KofC Father Allan Hall Council 8604, along with St. Charles Parish and Winnipeg Life's Vision, hosted Life's Vision Winnipeg's Annual Walk For Life - Hope & Love (aka "The Hike").

The event was a success and we would like to give thanks to the Father Allan Hall Council who helped organize the Hike and route; provided muffins and coffee before the Hike; hot dogs after the Hike and traffic safety guards during the walk. It was a family event with balloons and face painting for the kids and a silent auction for all.

The event was filmed by CBC French and included an interview with a French-speaking hiker from La Broquerie, Diane Turenne.

It was a good day for Life! **Vivat Jesus!**

Conscience Rights in Manitoba

At this time, our **most urgent concern** is how Manitoba will protect the conscience rights of doctors, nurse practitioners, nurses, pharmacists and other health care workers and institutions when it comes to the implementation of assisted suicide and euthanasia (Federal Bill C-14) in our province. We have heard recently that the *pro-life doctors* who stated publicly that they would give up their practice rather than contravening their conscience *are now satisfied with the protection of their rights* as directed by the College of Physicians & Surgeons of Manitoba. That is a victory! However, we understand that the **College of Registered Nurses of Manitoba have not yet confirmed that the conscience rights for nurses and nurse practitioners will be protected**. What options does a nurse or nurse practitioner have when a doctor agrees to provide euthanasia or assisted suicide to a patient and asks for their assistance? Are their conscience rights protected or will they be charged with insubordination if they refuse to assist the doctor? Is their career on the line? And, **what options does a pharmacist or other health care worker have** when they are asked to participate?

Will *Manitoba's Palliative Care System* and *faith-based institutions* be protected from this culture of death?

Natalie Sonnen, Executive Director – LifeCanada

Where did we go wrong? The implications of the Carter Decision for Canada and what we can do.

Natalie Sonnen

Natalie Sonnen is the Executive Director of LifeCanada. Natalie began her work in the pro-life movement in 2002 as the Executive Director of the Toronto Right to Life Association. She later worked as Director of Education for Signal Hill, before taking on her role with LifeCanada in 2009.

Natalie has a Winnipeg connection: at 18, she joined the Professional Division of the Royal Winnipeg Ballet. After a couple of years, she began to discover that there was more to life than dance.

Natalie has spoken to audiences throughout Canada and the US on Life issues, and her articles have appeared in the National Post, BC Catholic and the Catholic Register. She is the editor of LifeCanada’s Reflection Magazine, an outstanding publication covering Culture of Life issues with depth and intelligence.

Dear Brother Knights:

First of all, we would like to congratulate the Knights of Columbus of St. Charles Parish and the parish, itself, for their support in hosting Life's Vision Winnipeg's "WALK FOR LIFE - HOPE & LOVE" on September 17.

Hon. Kelvin Goertzen
302 Legislative Building

Winnipeg, MB R3C 0V8

Dear Hon. Kelvin Goertzen:

While I am opposed to any form of euthanasia, the Federal law has been passed and I understand that the province will be developing legislation to regulate assisted death in the near future.

In the meantime, I understand that you have worked with the doctors and have agreed with the College of Physicians and Surgeons that the conscience rights of physicians will be protected. Thank you for this!

Although a given doctor may agree to euthanasia and/or assisted suicide, I am very concerned with the protection of conscience rights for nurse practitioners, nurses and other health care workers and healthcare facilities who work under him/her and who cannot participate because of their moral or ethical convictions.

Provincial legislation must have conscience protections for health care workers and facilities like hospitals, nursing homes, or hospices. This legislation must protect health care workers from being forced to perform or refer for these procedures or being discriminated against because of their conscientious objection. In the same way, facilities must not be required to provide euthanasia on their premises.

No foreign jurisdiction that allows euthanasia requires physicians to refer or facilities to provide it. For example, California's law says that participation in any activities related to assisted suicide is voluntary.

Objecting health care workers and facilities are not able to participate in euthanasia for reasons of conscience, ethics, organizational values, religious convictions or the Hippocratic Oath. Many are members of religious traditions that consider referral of any kind, or allowing assisted death on facility premises, as forms of participation in euthanasia.

The *Canadian Charter of Rights and Freedoms* protects Canadian citizens against being forced by the state to do things against their conscience or religious convictions. There are ways to respect patient decision making while also respecting the rights of caregivers and facilities not to be involved.

Objecting caregivers and facilities are motivated by their concern for the well being of the patient. I would like to go to one of these facilities. If they are forced out of Canadian healthcare, I will not have this option. This restricts my freedom of choice. I would also like to see increased funding for palliative care, mental health and support for people with disabilities. People who are desperate need to have supports in place so that they have an alternative to assisted death.

Please protect our Palliative Care system from any form of euthanasia and assisted suicide.

Sincerely,

[Sign and Print your name]

Worthy State Deputy, Brother Karl Brosch:

On Saturday, September 17, 2016, the Father Allan Hall Council (council # 8604), along with St. Charles Parish and Life's Vision Winnipeg, hosted Life's Vision Winnipeg's Annual Hike for Life.

The event was a success and we would like to give thanks to the 11 or 12 Knights of the Father Allan Hall Council who helped organize the Hike and route; provided muffins and coffee before the Hike; hot dogs after the Hike and traffic safety guards during the walk. In particular, we would like to thank Brother Knights James Bowman (Culture of Life chair for their council and pro-life representative for St. Charles) along with his wife Angela, and Deacon Claude Lambert who recruited and organized the traffic guards and kitchen. We would also like to thank brother Knights Deacon Robert Gate, Fr. Michael Wollbaum and Fr. Peter Nemcek for their tireless commitment to the Culture of Life and specifically to this year's Hike for Life.

CBC French filmed the Hike and interviewed a French-speaking hiker from La Broquerie, Diane Turenne.

It was a good day for Life!
